

Installing Microsoft RDP Client 6.x

1. After the download has complete, select run or open
2. Click Next to continue
3. Click I Agree to accept the End User License Agreement, then click Next
4. The install will run for about a minute (depending on the speed of your machine) once complete click finish

Installing and running KeelClear

1. After downloading keelclear.msi select run or open
2. You should not receive any prompts during this process, once complete you should have a KeelClear shortcut on your desktop
3. Double click this shortcut and you will then be presented with your username and password
4. Your username is your license # and the password is the same password that was sent to you when you registered to use the KeelClear system
